Professional Summary

Frontend Developer with hands-on experience building scalable, production-ready web applications using React.js, JavaScript, HTML5, CSS3, and Tailwind CSS. Proven ability to deliver pixel-perfect, mobile-first UI with reusable component architecture, REST API integration, and cross-browser compatibility, following modern Agile development practices.

Experience

Frontend Developer (Freelance)

Apr 2026 – Present

Vyomanexgen

- Built and shipped a production-ready e-commerce platform using React.js and Tailwind CSS, handling end-to-end UI from architecture to deployment.
- Designed a scalable component library (product catalogs, navigation, checkout workflows) reducing future development time through reusability.
- Delivered fully responsive, mobile-first interfaces ensuring seamless UX across all screen sizes and browsers.
- Optimized application performance and accessibility, achieving faster load times and improved cross-browser stability.
- Conducted self-driven code reviews and iterative testing of UI components, ensuring production-level quality, maintainability, and adherence to modern React best practices.

Frontend Developer Intern

Hyderabad

Skyinten Technologies Pvt. Ltd.

Nov 2025 - Feb 2026

- Developed responsive React.js interfaces using reusable components and modern JavaScript practices.
- Converted Figma designs into pixel-perfect, mobile-responsive UI components while maintaining accessibility standards.
- Integrated REST APIs into React applications for dynamic data rendering and improved user interactions.
- Improved frontend performance, cross-browser compatibility, and responsive design through debugging and optimization.
- Collaborated with developers in Agile workflows to deliver feature enhancements and resolve frontend issues.

Education

CMR Engineering College

Nov 2021 – July 2025

Bachelor of Technology in Computer Science and Engineering | CGPA: 8.68/10

Relevant Coursework: Web Technologies, Database Management Systems (DBMS), Operating Systems

Skills

Frontend Development	: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Responsive Web Design
UI Engineering	: Component-Based Architecture, Figma-to-Code, Mobile-First Design, Accessibility Basics, Pixel-Perfect UI Development
Software Development	: REST API Integration, Object-Oriented Programming (OOP), SDLC Fundamentals, Frontend Debugging, Agile Development
Tools & Technologies	: Git, GitHub, VS Code, Chrome DevTools, SQL, Python (Basic)
Core Competencies	: Problem-Solving, Analytical Thinking, Team Collaboration, Communication

Projects

JobX Portal | React.js, Tailwind CSS, JavaScript

[GitHub](#) | [Live](#)

- Built a centralized job aggregation platform enabling users to discover opportunities from multiple job portals through a single search interface.
- Developed responsive and reusable UI components using React.js and Tailwind CSS, ensuring a consistent user experience across devices.
- Implemented advanced search and filtering functionality to simplify job discovery and improve user engagement.
- Optimized frontend architecture, performance, and component reusability following modern React development practices.

Quiz Application | React.js, CSS

[GitHub](#) | [Live](#)

- Developed a dynamic quiz application using React.js with API-based question fetching, ensuring unique questions on every attempt.
- Implemented category and difficulty filtering, countdown timer, score tracking, and progress monitoring for an interactive user experience.
- Built reusable React components with conditional rendering for answer validation, result visualization, and quiz state management.
- Designed a fully responsive and accessible user interface with cross-browser compatibility and optimized performance.

Personal Portfolio Website | React.js, CSS

[GitHub](#) | [Live](#)

- Designed and developed a fully responsive portfolio website showcasing projects, skills, and experience using React.js.
- Implemented dynamic navigation, reusable components, and responsive layouts for improved usability.
- Optimized frontend performance and ensured cross-browser compatibility.

Certifications

React JS – Core frontend concepts including component-based architecture, props, and hooks — [Scaler](#)

Java Programming - Covered Java basics: arrays, file handling, and structured data — [Coursera](#)

Virtual Technology Job Simulation – Software development experience — [Deloitte \(Forage\)](#)

Publications

Face Recognition-Based Attendance System Using KNN Algorithm

June 2025

IEEE 3rd International Conference on Augmented Intelligence and Sustainable Systems (ICAISS), 2025.

DOI : [10.1109/ICAISS61471.2025.11042050](https://doi.org/10.1109/ICAISS61471.2025.11042050)

Achievements

- **Certificate of Merit – Naukri Campus Young Turks 2025**
Secured 95.22 percentile in Naukri Campus Young Turks 2025, a national-level skill competition recognized by industry professionals.
- **Event Organizer – College-Level Events**
Coordinated college-level technical and cultural events, strengthening leadership and team collaboration skills.
